Ranger School - 278 North Brayton Road - 8 yd dumpster, 1 collection per week

Pocasset School - 242 Main Road - 8 yd dumpster, 1 collection per week

In the summer, the trash/recycle schedule goes to "Will Call" instead of listed per week pick schedule.

✕ CONTINGENT UPON AWARD OF ITEM I.

XI. Fuel Adjustment Factor

The undersigned hereby proposes to provide the services proposed under this RFP utilizing a fuel adjustment factor based on their average monthly gallon usage (as listed below) multiplied by each month's USEIA average price minus the Base Price (\$4.736 per gallon) of March 6, 2023. This adjustment shall be made each month by the contractor **regardless of diesel price increases or decreases** and invoices to the Town shall be adjusted accordingly. The base price and adjustment prices are in conjunction with the prices listed on the US Energy Information Administration Website (www.eia.gov) for US On-Highway Diesel Fuel in the New England Region. Specifically it is currently entitled 'Weekly New England (PADD 1A) No 2 Diesel Ultra Low Sulfur (0.15ppm) Retail Prices'. Bidders shall base their Bid price(s) on the March 6, 2023 Diesel value of \$4.736 per gallon.

Example:

Contractor average monthly usage = 1,500 gallons

Future USEIA average monthly price for specified month = \$4.968 per gallon

Base price required for this contract = \$4.736 per gallon

Month's Fuel Adjustment would equal 1,500 gallons x [\$4.968 - \$4.736] = \$348.00

(Contractor would show a Fuel Adjustment of \$348.00 on his monthly invoice to the Town)

Contractor shall insert their applicable average monthly gallons usage for each bid on below lines:

Fuel Adjustment Factor average gallons usage per month

Trash: _____gallons

Recyclables: _____gallons

Yard Waste: _____gallons

White goods: _____gallons

Bulky Waste: _____gallons

Automated Trash: _____gallons

Automated Recyclables: _____gallons

Schools Trash & Recyclables: _____gallons

*MTG DISPOSAL WILL WAIVE ALL FUTURE FUEL SURCHARGES
UPON AWARD OF ITEM I OR ITEM VI.*
